

OPAL Play Newsletter

July 2026

Lethbridge have now officially launched Phase 2 of OPAL, after a successful roll out of phase 1. It has been wonderful to witness the children having fun, being creative, having the freedom to explore the different playgrounds and deciding what they would like to play with. We have found that visits to First Aid have significantly reduced too! We are looking forward to our phase 2 roll out being just as successful and adding to the children's playtime experience.

What we are introducing in phase 2:

- Mud kitchen
- Water play
- Sitting scooter boards
- Space hoppers
- Dressing up clothes

Our new mud kitchen.

Our new OPAL sheds.

A massive thank you for the donations of dressing up clothes, rolls of wallpaper and colouring books.

Donations of **pipes, tubes and watering cans** would be gratefully received to go in our new water play area. We would also be grateful for more **rolls of wallpaper (does not need to be whole rolls)** for our arts and crafts area. Please leave any donations in the purple wheelie bin in the KS2 playground.
